

Terms & Conditions

Nights & Weekends Tariff

- By choosing to participate in the residential time-of-use Nights and Weekends rate plan, you agree to pay the monthly Nights and Weekends kWh usage amount for electric service to the designated residence shown on the reverse side for at least twelve months, beginning with the first bill rendered on the Nights and Weekends rate.
- Your Nights and Weekends rate does not include fuel, taxes, and other charges, nor does it include Georgia Power security lights, or other Georgia Power products and services should you have any.
- These Nights and Weekends terms apply only for electric service to the designated account(s) and address. If you transfer service to another address, you will need to reapply for the Nights and Weekends rate.
- Georgia Power can only offer the residential time-of-use/Nights and Weekends rate to customers who have had the AMI/smart meter installed on their residence. This meter replacement program is currently underway on a statewide basis. No timeline for a specific meter replacement can be guaranteed for any individual residence.
- Georgia Power offers the Nights and Weekends rate plan pursuant to the current residential rate filing, which is on file with the Georgia Public Service Commission.
- This rate is not available to customers currently billed on Georgia Power's FlatBill® program.
